

# What happens when you start Isagenix??

## Days 1,2,3,4,

- You may not like me...
- You may even call me names behind my back
- You might feel very yucky
- You might think we are all liars or part of some happy cult
- Welcome to DETOX!

## Day 5

- You probably slept better than you ever have
- You might remember why you walked into a room
- THE FOG IS LIFTING
- Things may not be getting to you as easily
- Good hair day...Skin is showing the "IsaGLOW"
- You might wonder, "What is in this stuff?"
- Is this even Legal????!
- Still may not be sure if you like me yet

## Day 7

- You are feeling better than you ever have
- You will pick up the phone and tell me you're in love with me and that you are sorry for calling me those names behind my back
- "Happy" is feeling GOOD

## Day 10

- A mini panic attack happens because you are through one shake canister
- You CANNOT picture yourself EVER without this stuff
- You start rearranging your budget in your mind and might even consider selling your first born
- You might get territorial with your stash

## Day 14

- WITHOUT EVEN TRYING....People are going to start noticing, "Something is different about you."
- Spouse has "YOU" back
- Kids notice
- Friends notice
- THEY WANT WHAT YOU HAVE!

## Additional Recommendations:

Text me everyday for at least the first 14 days. It can be the good, the bad, the ugly. You will have more success if you stay connected and let us help.

Comment and Post and lift others on our Team Facebook Page. Your question or comment may help or inspire someone who may be going through the same thing you are.
