delicious

I heard about it from a friend and I decided I wanted to try it for myself. I needed to do something for me! It has a 30 day money back guarantee so I figured I had nothing to lose! She sent me a link with free shipping and it came in just a few days! And guess what its so tasty!!

support

I had a lot of support. I could choose a style of support that worked for me.

- Follow along in a Facebook group with helpful posts, recipes, suggestions and fun giveaways
- Be part of a group message with other people doing the same routine
- Receive daily texts from my friend or someone with experience.

routine

30-Day Reset One Month. Endless Benefits.

I incorporated these products into my daily routine.

I did *shake days*

(2 shakes, 2 snacks, one meal)

and a few cleanse juice *intermittent fasting days*

(4 juices, 2 snacks, 1 shot)

You can pick if you want to start with 7 days or 30 days. I can do anything for 7 or 30 days and it went faster than I thought!

sustainability

I'm striving for a life-long wellness solution to keep me healthy and energized and include people like YOU around me who inspire me and keep me motivated. If you don't want to start with a RESET you can pick your path. There are so many wellness options.

Social Post Example: 1

Because of this girl's results, I decided to try what she's doing. She has got 3 kids, home-schools, is married, and is just flat-out busy. So am I. I am also tired of feeling so old, yet I'm actually quite young. I'm tired of feeling so moody, so insecure, and so exhausted. I was made for more.

I'm trying a nutrition program with 18 years of research backing it. I get 30 days to use it. If I love my results, I'll keep going. If I don't, I'll get a refund of the cost of the products. I'm actually saving money since it can be less than eating out!

Who wants to do this with me? We'll get our sexy back or our money back! My friend has the hookup for 2 of my friends!

Social Post Example: 2

Let me tell you ... I have tried several protein/meal replacement shakes before from many companies. This is BY FAR my favorite one ever. It's smooth, it's creamy, it's not chalky, and it's actually so filling!

I simply replace 2 meals with this dense nutrition shake, and my results are currently uploading. I'm on Day 2 and in love already!

My friend got me started on this 30-day program and can help get two of my friends started as well.

Social Post Example: 3

We all have that pair of pants or article of clothing in our closet that we hold on to because someday, "I will fit into these."

Well, I'm tired of waiting for that someday. I'm tired of feeling tired, out of shape, insecure, and moody. I'm ready to feel young again, Confident again. So here are my pants. I'm going to fit into these again someday with the biggest smile.

Who wants to fit into their jeans again, too? My friend is ready to get two of my friends started with me! Either get your sexy back or your money back! You ready?

"What if I tried just 1 more thing?" Those are the words I said to myself. I saw my friend having success, but I had been stuck for so long, I was more than a skeptic. I am taking advantage of that 30-day money-back guarantee. I'm on Day 4. I'm already feeling so much better.

80% of our weight loss is from nutrition, and that's the part I just couldn't get in check until now. After years of having an unhealthy relationship with food and killing myself over diets, I am over the moon to find something that is taking care of the nutrition aspect. Something I actually love!

So what if? What if you tried just 1 more thing? What if you wholeheartedly committed to yourself for 30 days? 25% off retail. Refund of the cost of the product if you are not satisfied. My friend, _____, can hook you up!

Social Post Example: 5

I never thought I'd be that person sharing a health program, but honestly, this has been out in the world for 18 years, someone finally shared it with me, and it's changing my life.

I had no idea my body was so nutritionally bankrupt. It's Day 5 on this nutrition program, and I feel my cravings for sweets and salts dying. I feel my energy coming up. I feel my overall mood improving. Is this what living my best life is like?

I still have 25 days left of this trial! On Day 30, I could get the product cost refunded ... but it's looking like that won't be necessary. I just need a friend to do this with. My friend can get you set up with a 30-day program for 25% off retail like she did with me! Look at this lady's results! Why not?!

Social Post Example: 6

How many of us can really say we are eating enough fruits and veggies daily? I know I wasn't.

This shake you've seen me sharing this week is literally dense nutrition. It's less than \$3 per meal (less than \$4 for plant-based!). Most meals on the go sacrifice nutrition and usually cost much more in any drive-thru. What if you had 2 meals that tasted like a milkshake while giving your body what it was designed to have nutritionally so you could begin operating your day-to-day with a pep in your step?

I'm on Day 6 of this program. I've never. Felt. Better. In case you missed it, my friend can help set up two of my friends with a 30-day program for 25% off retail so you can experience this simple program that feels so amazing! Why not, right?
